Yuri K

Product Designer

LANGUAGES

English - B1

WHO AM I?

Hi, I'm Yuri, a UX/UI Designer. I specialize in Product Design, User Experience (UX),UI Design, Web Interfaces Design, Wireframing. I think the design should be very informative. So, I pay special attention to creating an interactive prototype. I'm working with Figma, Illustrator, Photoshop, Lightroom, After Effects. My life motto is "Any difficulties are just tasks that I can solve".

SKILLS

Figma | Usability Testing | User Experience Design | UX/UI Prototyping | UX/UI Design | Wireframing

Low-Fi Prototyping | Product Design | Webflow

EDUCATION

Sochi State University

Bachelor's degree in Applied Computer Science.

EXPERIENCE

2021 — 2021

UX/UI Designer

Help design an MVP car rental service. Design of the main user flow, creation of a low-fi prototype. https://www.behance.net/gallery/142959237/Car-rent-service-prototype

Product Design

2022 — 2022   **Product Designer**

A web portal where people can create and store their resumes. The portal provides an opportunity to create custom skills and send resumes to the customer. I have developed the entire design of the portal and created adaptive versions for mobile devices. Created an interactive prototype of the interface, conducted usability testing. https://www.behance.net/gallery/142962943/CVs-Storage
